Site Plan

181 Harmon Heights Rd.

David Kenney, the Attorney representing the Applicant introduces himself and the status of the Zoning Board's review of the application. Deputy Chairperson states the Site Plan Application was received by the Town of Chatham on January 7th, 2019, Mr. Kenney adds that the application deadline has been extended to April 10, 2019. Deputy Chairperson Walker briefly goes through the email from John Lyons regarding the process so far from the Zoning Board so that nothing is duplicated in the Site Plan review. Deputy Chairperson Walker asks if there is anything further the Board requires from the Applicant, no response.

Motion to declare the Application for a Site Plan as complete and waive the Public Hearing is made by Mr. Eaton, seconded by Mr. Catlett, all in favor, motion carried.

Deputy Chairperson Walker declares the Application as a Type II Action as per the memo received by John Lyons and the SEQRA review is not needed.

Deputy Chairperson Walker adds the Board received the recommendation in favor of the Application from the Columbia County Planning Board. Deputy Chairperson Walker states the letter from BL Companies has misinformation in it, it is listed as a lattice towner and had an expanded fence in area, Mr. Kenney states he will get the letter corrected and resubmit it. Ms. Meyers asks if T-Mobile will be using the existing generators, Mr. Kenney states they will have their own. Ms. Meyers asks if they would be able to aim the generator exhaust away from neighboring properties and Mr. Haimbach asks what type of fuel will be used, Mr. Kenney states it will probably be diesel. Deputy Chairperson Walker states if the Zoning Board Approves the application on March 28th, 2019 the Planning Board should be able to render their conditional approval at the April 9th, 2019 meeting. Mr. Kenney thanks the Board for their time.
